HELP NEEDED

"The JUST Correspondence Committee was born 21 years ago and is now coming of age. But with age come problems, and right now the problem is funding. The JUST office at the jail is strapped for funds to keep their many programs going, each of which is a vital part of the rebuilding of lives for both men and women staying there. The books we use are a series called "Studies in Christian Living" and are based on Bible verses from Old and New Testaments with questions leading students to focus on their application to the person's own life. It's always a surprise to us on the committee how heartfelt the responses are to our comments and encouragement. Our church has agreed to take over the responsibility for paying for the books, but any donations to help out would be especially welcome. A check to First Presbyterian Church with "JUST books" on the memo line would lift a load from a struggling program. Thanks for understanding."
